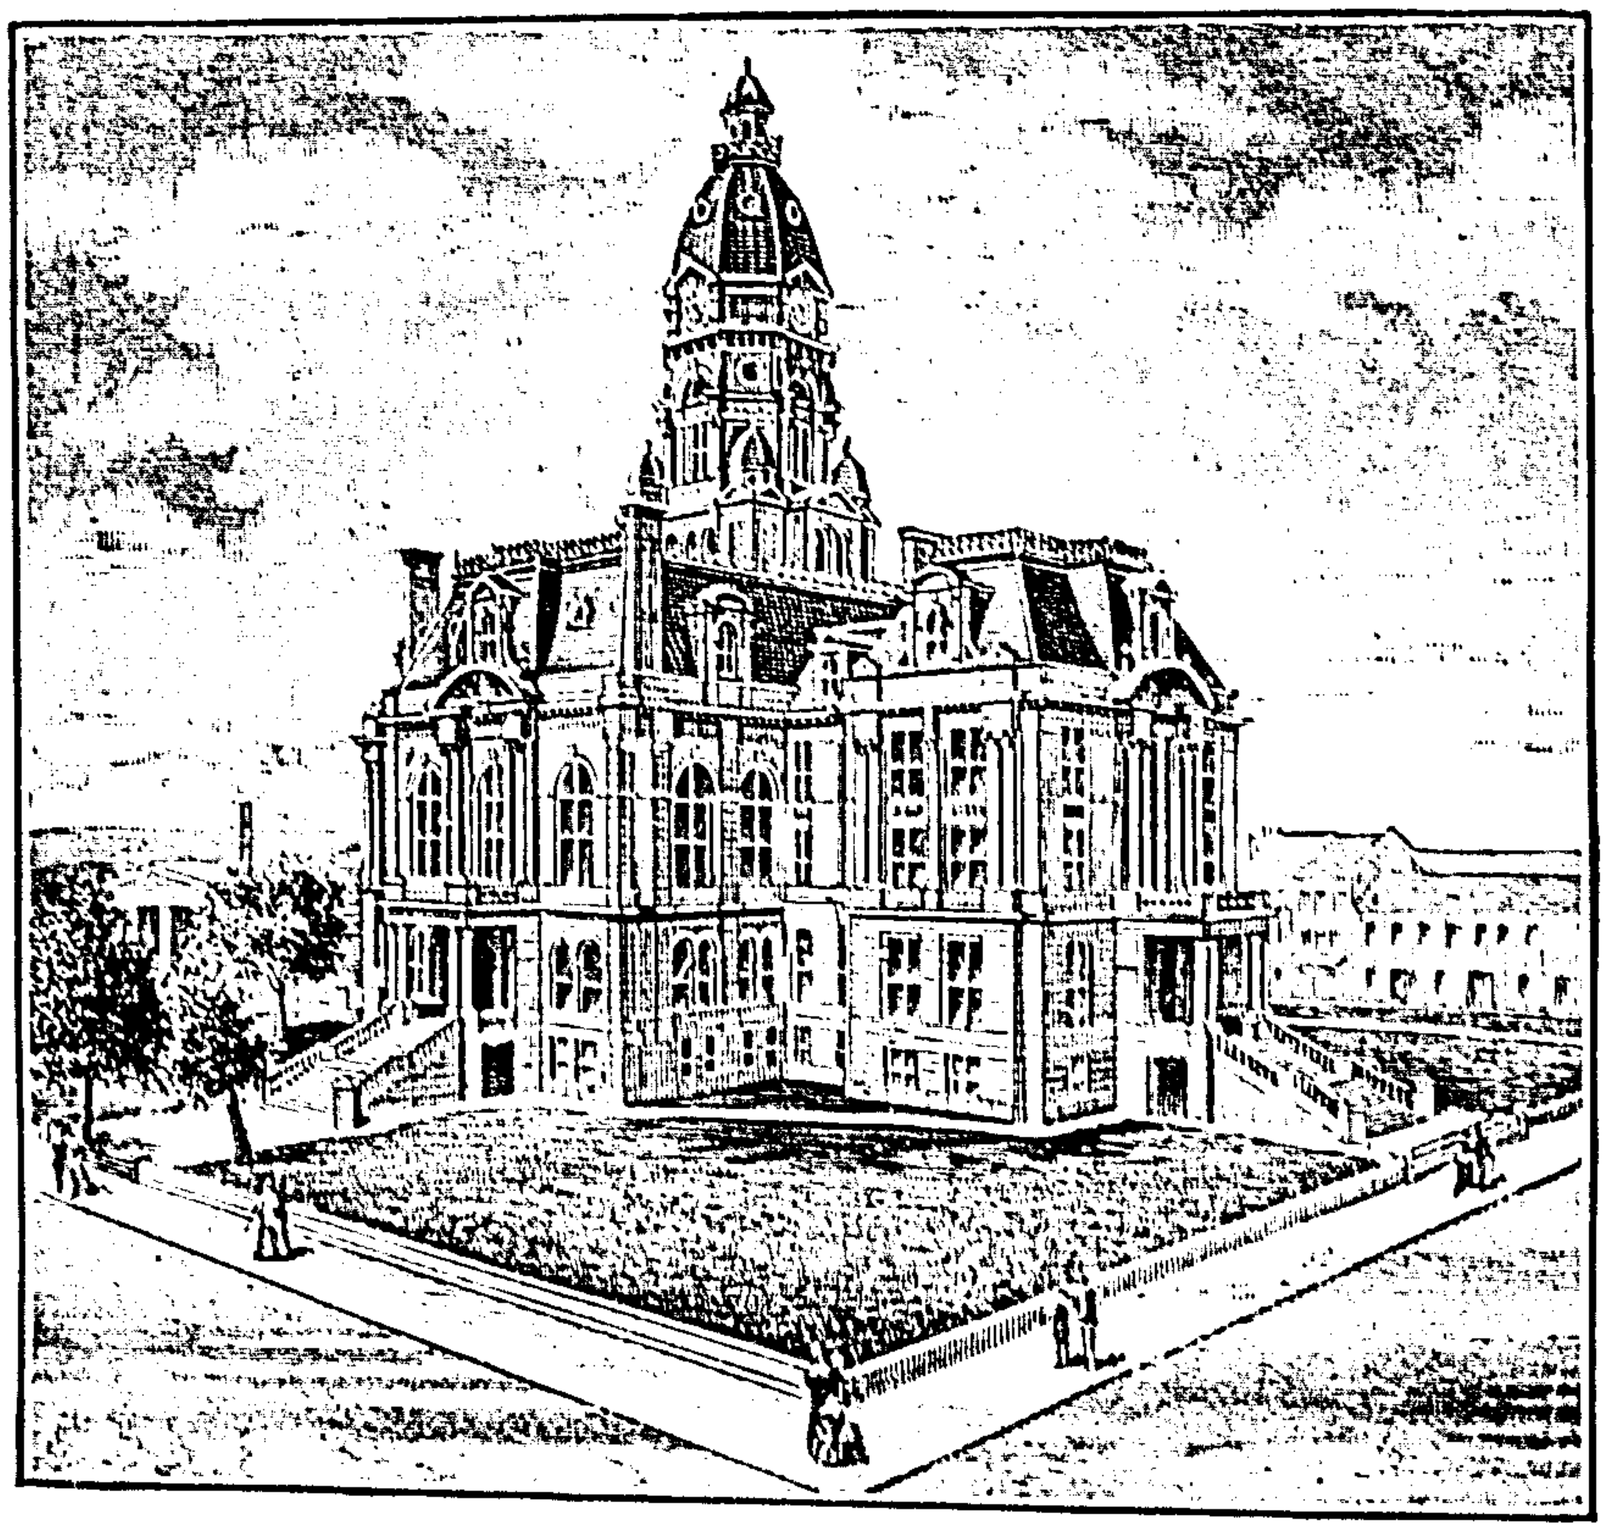
1890.



Vigo County Court House.

INTRODUCTORY.

With this issue of the Terre Haute City and Vigo County Directory we present the Twenty-Third Volume of the City Directory, nine of which have been issued by us, and the Fourth Volume of the County Directory, all of which have been issued by us.

This Volume will be found to be the largest and most complete work ever issued. No City treble the size of Terre Haute, has ever had such a complete work. It is strictly a Terre Haute Book, as the canvassing, compiling, printing and binding, has all been done by Terre Hauteans. Nothing has been left undone to make it a credit to our city. That we have succeeded we leave our patrons to judge.

According to the census taken in June, our population is given as 31,453, an increase in ten years of 5,411. Our Directory issued in 1880 contained 10,511 names, while this issue contains 15,519 names, an increase of 5,008. Nearly as large an increase as the census shows, while the difference in favor of the census should be at least several thousand. Our population computed at 2¼ to the name, shows we have 34,917.

A glance through the Illustrations will give a fair idea of our beautiful city, showing as it does a large number of Public Buildings, Residences, Schools, Business Blocks and Manufacturing Institutions. The new City Map will be found a valuable addition.

By the arrangements made last year, we shall place in every Hotel within a radius of sixty miles of Terre Haute a copy of this Directory. This was found to be a valuable feature by our patrons, and will be continued as it is only by their liberality that we are enabled to issue such a complete work.

To our patrons we desire to return our thanks. To those that need a Directory, but always borrow their neighbor's, we have nothing special to say, except that we hope they will "cease from troubling" and for our next issue place their names amongst our list of patrons.

Very Truly,

CHAS. O. EBEL & CO.,

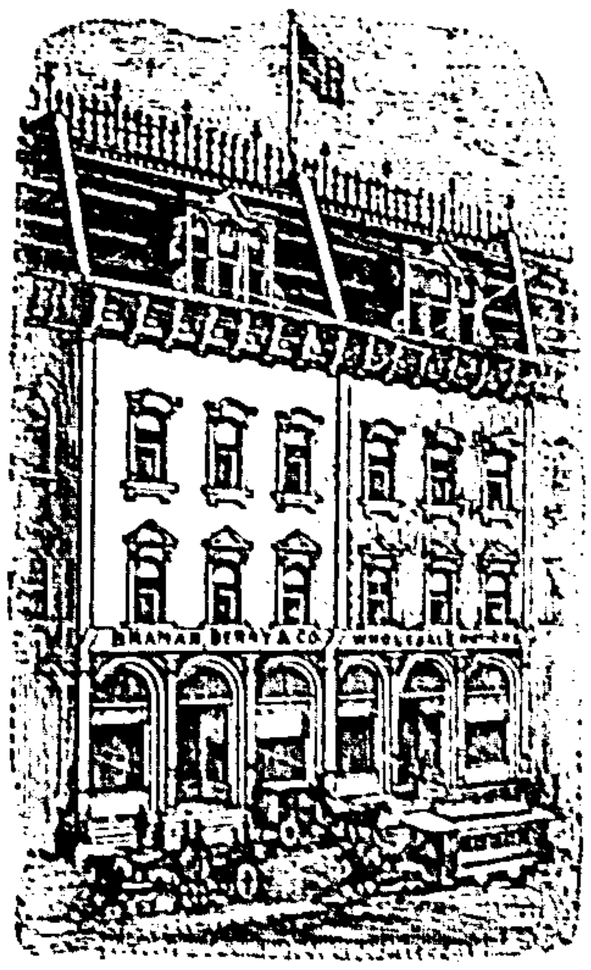
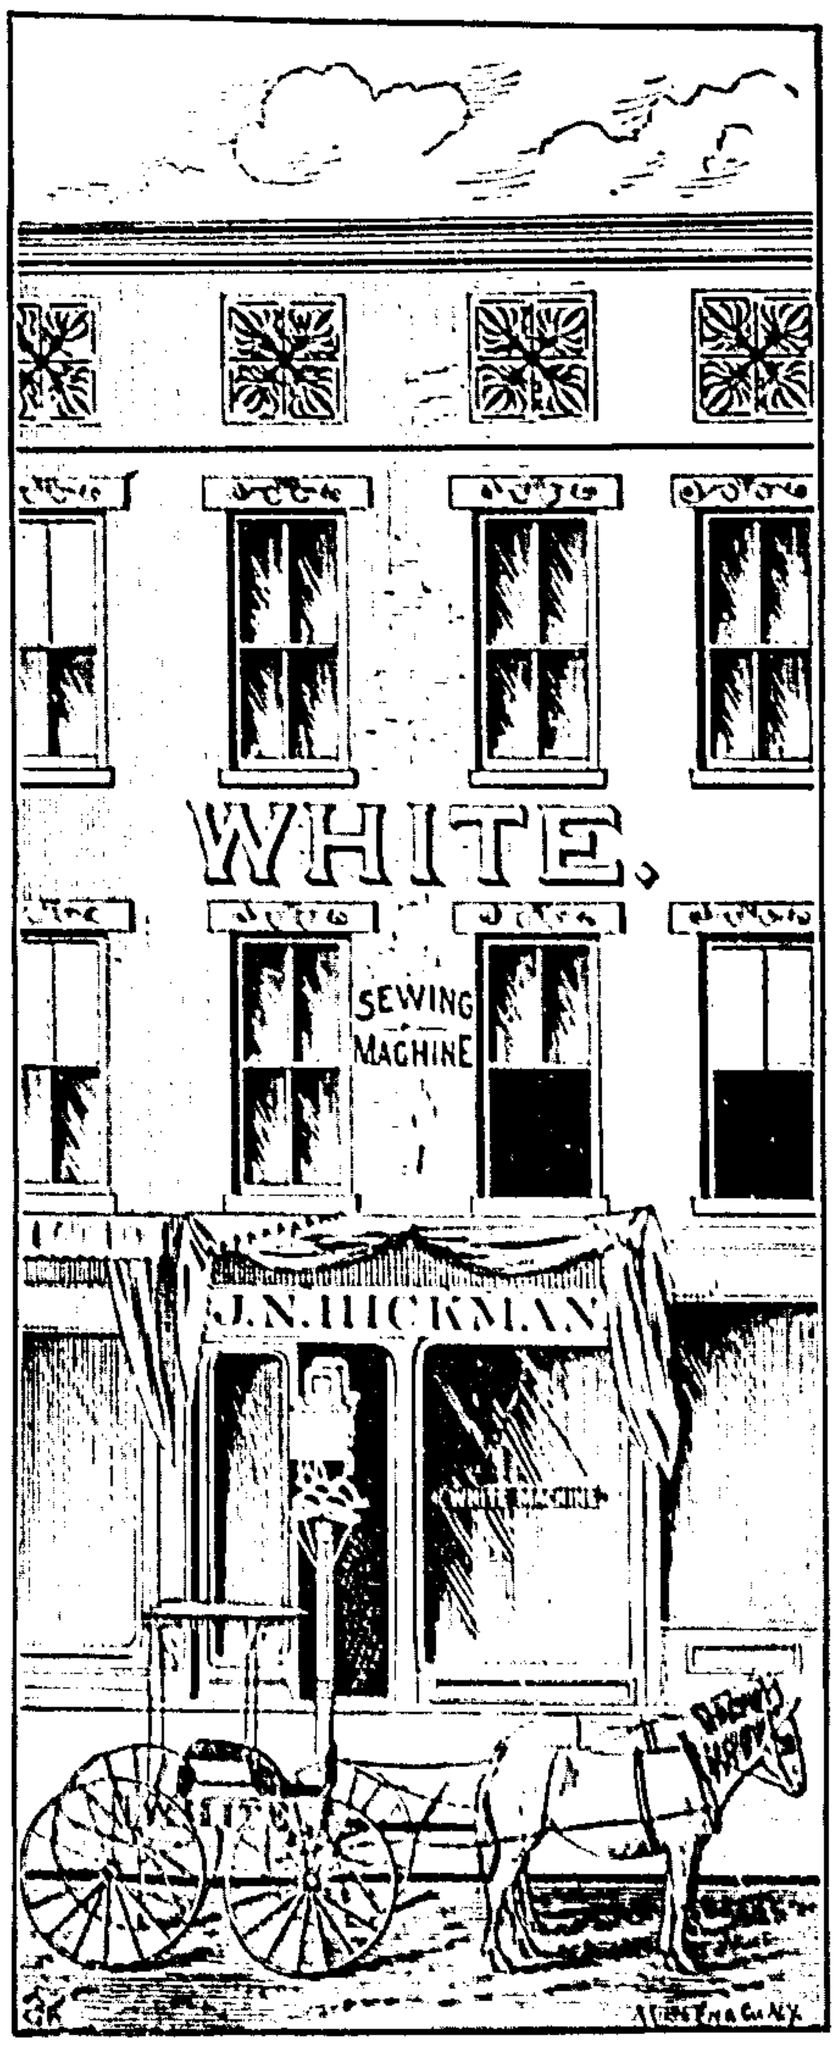
BRAMAN, BERRY & CO.,

Wholesale Dealers in Notions and Manufacturers of Overalls, Pants, etc., 602 and 604 Wabash Ave.



The extensive house of Messrs. Braman, Berry & Co. testifies in no uncertain voice to the magnitude of the wholesale trade of Terre Haute, as well as to the energy and judgment with which its affairs are managed. The enterprise was instituted by the present firm in 1882, and has since built up a trade that covers a large part of this State and Illinois, and is annually increasing in volume. This date, however, in nowise indicates the commercial experience of the founders of this house, since each has been an active member of the business community of Terre Haute for upward of a quarter of a century. The firm occupies two buildings each four stories high with basement, and each 25x150 feet in dimensions, the whole forming an emporium fully on a par, both in extent and character of stock carried, with those of similar establishments in metropolitan cities. The store is provided with hydraulic elevators connecting all the floors, and every modern convenience and accommodation have been provided that would in any manner facilitate the transaction of the business or tend to the prompt fulfillment of orders. The stock carried embraces a complete and exhaustive line of notions, small wares, fancy goods, laces, white goods, linens, embroideries, etc., and specialties are made of hosiery, underwear and ladies' and gent's furnishing goods in which lines the largest and most complete assortments of any in the city are shown. The firm are also manufacturers of overalls, cottonade and cassimere pants, shirts, etc., for mechanics and workingmen, thus enabling them to offer the trade extraordinary inducements and advantages in this class of goods, and the products are made from the best materials, with great care and warranted to withstand the hardest wear. A force of fourteen clerks and assistants are employed in the business including six traveling salesmen on the road, and in every department is an attractive display of the newest goods of the season, which are procured direct from manufacturers and first hands and are furnished the trade at prices that are at once liberal and reasonable. The members of the firm are Messrs. C. L. Braman and J. H. Berry, both progressive and enterpising business men and closely identified with the development of Terre Haute. Their establishment is a prominent and valuable factor of the commercial supremacy of this city, and its success and prosperity are in every respect well merited.

J. N. HICKMAN,
White Sewing Machines, 306 Main Street.



No other sewing machine has ever attained so great popularity in this market as has the White Sewing Machine, which under the able and pushing management of Mr. J. N. Hickman has come to be a household necessity throughout this city and vicinity, as its inherent merits so eminently deserve it should. Mr. Hickman opened his sewing machine warerooms in Terre Haute about fourteen years ago, and from a modest beginning has developed an extensive business, until to-day his establishment is by far the largest devoted to this line in the city. He occupies a four-story building, 18x80 feet in dimensions, the ground floor being used for ware rooms and show room, and the upper floors for storage and repair shop. Besides the sales made from the store, a dozen wagons are kept constantly on the road, and local agents in the adjoining towns of this State and Illinois also procure all their supplies from this headquarters. Concerning the merits of the admirable White Machines, too much cannot be said, since they embrace all the latest improvements that go to make up a perfect and easy running family sewing machine, while for manufacturing purposes they have few, if any, equals. The success Mr. Hickman has attained in the trade is the just reward of energetic and progressive methods, and to his pushing and fair-dealing business policy the city is indebted for this valuable feature of her trade resources.

TO THE PUBLIC:

To promote my own interests and to make known the advantages of BUSINESS EDUCATION is the main object of this advertisement. The institution whose welfare it is its mission to forward is now entering upon its record of over a quarter of a century, during all of which time it has been under the same management. Nearly thirty years of unceasing labor has been devoted to bringing it to its present high standard of excellence, and it may safely be said that to-day it is the most successful Business Training School in the country. No stronger evidence of its popularity and usefulness can be presented than the fact that its former pupils are to be found in the largest business houses of this and nearly every other city, discharging with intelligence and fidelity the duties of successful business men.

All that energy, enterprise and enthusiasm can do will continue to be done to merit and retain the favor and confidence of the public.

FOUNTAIN'S

TAILOR SYSTEM

—OF—

DRESS CUTTING

THE LATEST AND UNDOUBTEDLY THE BEST EVER INVENTED.

It is quite different from any other. It is not a new system with the same old ideas, but it is new with new principles applied to dress cutting, which every lady knows there has been great room for improvements.

It is beyond doubt the best system the world has ever seen, and more than the public expects to see in a dress cutting system after the business has been so abused with such as "charts," "models" and so-called "systems."

THE SYSTEM

Is in two pieces, a square and a curvature. A separate curve for every different curve made in a dress, which makes it easy for inexperienced cutters to use with perfect results. It is easy to learn, the Instruction Book being complete with engravings showing how to cut different kinds of garments.

THE FOUNTAIN SYSTEM is the only one that gives any definite instructions for

Cutting Children's Garments.

I have engravings showing precisely how to cut for children of all ages.

THE FOUNTAIN SYSTEM is the only one ever invented which cuts WAIST, SLEEVE, SKIRT AND COLLAR strictly to actual measure, and make a perfect fit for all forms without changing any part of dress, and is the only system on earth that teaches the tailor cut garment for ladies.

I teach the system thoroughly, and when a lady has learned the science of cutting she cuts a dress for herself under my instruction. Then I teach her the art of basting, which every lady appreciates. I cordially invite you to call and see me, and I will take pleasure in proving to you the wonderful merits of FOUNTAIN'S SYSTEM.

"WOOD'S PLASTER"
STOPS PAIN.

TO CURE **AN ACHING BACK**

There is no known remedy that equals

WOOD'S PENETRATING PLASTER

It is not merely an improvement on ordinary porous plasters, it is a revolution in plasters. Wood's is the only plaster having power to dilate the pores and penetrate to the seat of pain.

COATES COLLEGE

FOR YOUNG WOMEN,

TERRE HAUTE, IND.

Ultimate Aim: Healthy, Scholarly, Christian Workers.

To secure **HEALTH,** has best equipped Woman's Gymnasium in the West, with Sargent Training School Director. Charming Grounds. Equable Climate. No dormitory system. Only family life.

To secure **SCHOLARSHIP,** has twenty tried teachers. Course of study parallel Wellesley and Vassar.

To secure **CHRISTIAN RESULTS,** employs only Christian instructors; puts Bible-study on a plane with Classics and Sciences; school progress inlaid with spiritual endeavor.

To **WIN WORKERS,** systematizes all things; studies to engage the whole woman.

COATES COLLEGE

FOR YOUNG WOMEN,

TERRE HAUTE, IND.

Ultimate Aim: Healthy, Scholarly, Christian Workers.

To secure **HEALTH,** has best equipped Woman's Gymnasium in the West, with Sargent Training School Director. Charming Grounds. Equable Climate. No dormitory system. Only family life.

To secure **SCHOLARSHIP,** has twenty tried teachers. Course of study parallel Wellesley and Vassar.

To secure **CHRISTIAN RESULTS,** employs only Christian instructors; puts Bible-study on a plane with Classics and Sciences; school progress inlaid with spiritual endeavor.

To **WIN WORKERS,** systematizes all things; studies to engage the whole woman.

ADDRESS,

P. H. Monninger,

GROWER AND DEALER

IN ALL KINDS OF

NATIVE WINES

Vineyard at Terre Haute, Ind.

ESTABLISHED 1863.

I have now a grape which is of foreign origin, a white Traminer—it is sweet and delicious, with an excellent flavor. I have tried it for the last seven years in all kinds of weather—cold, hot, dry and wet—did not freeze at 25 degrees below zero, nor rot in the dampest weather, while all others had rotted badly, and no protection given whatever. In fact it is the plant for our climate, for it is useless to plant anything that won't stand the climate. These grapevines I have for sale this fall. Buy them and you will never regret it. Information will be given for planting, cultivating, pruning, etc.

To those wishing to buy a ***PURE GRAPE WINE***, I will say that I have the following wines—from one to eighteen years old—for sale, namely:

Catawba, Rieslings, Claret, Port, Sherry, Madeira,

SWEET AND DRY.

Also one of the most celebrated pure anti-ferment grape juices—a temperance drink—that heretofore never was known. It is as sweet and delicious as any ripe grape ever grown; will never ferment in warm or cold weather, does not intoxicate, and contains no foreign ingredient. It will cure dyspepsia, create appetite, and keep up your health. It can be analyzed by any chemist as to its purity. TRY IT and be convinced.

I will sell all the above in cases—twelve bottles to the case, five bottles to the gallon. Sold also by the keg, half-barrel and barrel.

For goods and prices in my line, address

Artesian Springs,

Bath House and Swimming Pool

Situated Opposite the Union Depot,

TERRE HAUTE, IND.

Accessible by all Street Car Lines to people and residents of the city, and to the country at large by nine or ten of the Leading Railroads.

The Finest Bath House in the State

In point of architectural beauty and mechanical skill. While this is said of the house and its appointments, no purer or better water for all the ailments to which flesh is heir can be found amongst the most celebrated in the entire country, not excepting the far-famed Hot Springs of Arkansas.

D. BRONSON, Proprietor.

STATEMENT OF THE PHYSICIANS OF THE CITY.

TERRE HAUTE, IND., April 16th, 1890.

We, the undersigned physicians of Terre Haute, Ind., take pleasure in recommending the water of the Exchange Artesian Well to the general public. An analysis of this water shows it to be the equal of any mineral water now in use.

TO THE PUBLIC:

To promote my own interests and to make known the advantages of BUSINESS EDUCATION is the main object of this advertisement. The institution whose welfare it is its mission to forward is now entering upon its record of over a quarter of a century, during all of which time it has been under the same management. Nearly thirty years of unceasing labor has been devoted to bringing it to its present high standard of excellence, and it may safely be said that to-day it is the most successful Business Training School in the country. No stronger evidence of its popularity and usefulness can be presented than the fact that its former pupils are to be found in the largest business houses of this and nearly every other city, discharging with intelligence and fidelity the duties of successful business men.

All that energy, enterprise and enthusiasm can do will continue to be done to merit and retain the favor and confidence of the public.

TO THE PUBLIC:

To promote my own interests and to make known the advantages of BUSINESS EDUCATION is the main object of this advertisement. The institution whose welfare it is its mission to forward is now entering upon its record of over a quarter of a century, during all of which time it has been under the same management. Nearly thirty years of unceasing labor has been devoted to bringing it to its present high standard of excellence, and it may safely be said that to-day it is the most successful Business Training School in the country. No stronger evidence of its popularity and usefulness can be presented than the fact that its former pupils are to be found in the largest business houses of this and nearly every other city, discharging with intelligence and fidelity the duties of successful business men.

All that energy, enterprise and enthusiasm can do will continue to be done to merit and retain the favor and confidence of the public.
